MUNICIPAL BUILDING START OCTOBER 1st?

"Construction of the new Municipal Building is likely to start around October 1st" disclosed Reeve Lawrence Pritchard, "plans have been drawn and are being discussed although complete specifications are not yet ready".

Stanford and Wilson have been retained as architects for the new construction and both of these are summer residents of the area having cottages on Mountain Lake.

"We have no idea yet of the cost" said Reeve Pritchard in answer to a question "we will know better when specifications are completed. Tenders will be called."

At the present time a site in front of the existing arena is being considered for the construction and this new building will incorporate a garage for the fire truck and the ambulance plus the clerks office, a council room and another office that the Reeve and the Assessor can use.

The new modern municipal building is part of a long-range plan that includes the eventual re-building of the Minden Arena into a handsome new municipal centre.

The fine aerial photograph of Minden was taken recently by George Wheeler of Haliburton. The sky was overcast at the time and the photograph was taken on a 4 x 5 sheet film Plus-X pan; with a A.S.A. rating of 160. Exposure time was one five hundredth at f:5.6 without a filter. The film was developed in Microdol-X full strength for 8 minutes at 75 degrees Fahr.

Merchants Want Water Mains On Back Streets

In accordance with a request made by Minden merchants the Minden council has requested that the Ontario Water Resources Commission and R. V. Anderson and Associates consulting engineers on the water system direct Gap Construction to lay the water mains up the back of the properties on each side of the main street. It had been planned to install the water mains on the main street.

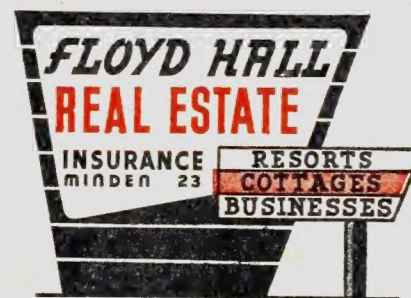

Minden Council Tell Stores To Narrow Outside Displays

At a council meeting on August 14th Minden council decided to send a letter to two Minden merchants requesting them to narrow their outside displays and that not more than twelve inches in width should be used as a display area on the sidewalk in front of their stores. Numerous requests by pedestrians to the council in regards to the small amount of sidewalk space has forced council to take action.

Properties Assessed

On Frontage Only On Waterworks

At a meeting held in the Registry building on Wednesday August 14th Anson, Hindon and Minden council decided that all of the properties that are on the waterworks system be assessed water rates on the frontage only. This would be the street frontage on the side that the building faces in every instance and there will be a minimum charge of fifty feet on each lot.

\$400 Damage in

Elephant Lake Road Crash

A collision on a curve on Elephant Lake Road, Haliburton at approximately 5 p.m. on Sunday August 18th between Gary Stoughton, 20, of Wilberforce and Douglas Allen Lavoie of Ross Street East, Oshawa caused an estimated \$400 damage to the two vehicles.

Haliburton detachment of the OPP investigated the accident.

Highway 500 Accident

A minor one car accident happened between Gooderham and Tory Hill last weekend when a car driven by Terence Sherman left the highway resulting in minor damage.

ROTARY REPORT

The last two Rotary Club of Minden meetings were well attended by summer visitors. On August 12 the Rotarians were entertained by summer-visitor Rotarian Ken Cockburn from Horseshoe Lake who showed colour slides taken on a recent trip to England. He gave an interesting description of his trip, liberally spiced with humorous references.

The August 19 meeting saw a record attendance of both summer visitors and members. The club was host to the volunteer helpers at the recent Rotary Carnival which proved a splendid success both financially and for the entertainment it provided.

The speaker was introduced by Rotarian Quimby Hess and was Professor O. J. Marshall of the University of Toronto. He spoke at some length on the relation of civil engineering to surveying. He is at present conducting a class at The Forest Rangers school at Dorset. Rotarian Ken Currie thanked the speaker.

The best liar is he who makes the smallest amount of lying go the longest way.

—Samuel Butler

Passenger Train To Haliburton Sept. 28th

The people of Haliburton village will see a passenger train arrive with several hundred Railroad fans aboard for a brief visit on Saturday, Sept. 28. The Upper Canada Railway Society have a special train chartered for the run from Toronto to Lindsay and Haliburton. CNR steam locomotive 6167 will haul the special to Lindsay where a diesel will take over the Haliburton leg of the journey.

The Upper Canada Railway Society is comprised of several thousand members who have a keen interest in all types and branches of railroading and keep their interest alive by having three or four excursions each year around, Central Ontario. Incidentally, locomotive 6167 is probably the last remaining steamer operating with any regularity in the area.

Any reader of the Minden Progress who would like to know more about the Upper Canada Railway Society is invited to write to Box 122, Terminal "A", Toronto, Ont.

About 1,500 people braved turbulent, over-cast weather to greet Prime Minister Robarts and the Hon. Leslie M. Frost at a testimonial reception at Lindsay Fair Grounds.

THE COUNTRY FAIR

It's good to see after an absence of forty years the return of a fair to the town of Fenelon Falls. The newly-formed Agricultural Society had a successful day last Saturday with an enormous crowd of people in attendance. Two more fairs in our immediate district will be held in Kinmount and Minden. To many people these annual exhibitions are of no importance.

But think — Why is it necessary to support the country fair? The answer is quite obvious. The whole of the community is drawn together in one large social gathering. The individuality of the locale is seen in the displays of home cooked foods, the beautiful bouquets of fresh cut flowers, the bountiful harvest of garden produce and in the embroidered goods created by deft fingers. The competition from other areas adds to the spirit of the fair. All in all it's always an interesting day and needs the support of everyone. If the country fair ever disappears it would be a sorry day for the small community.

Correspondence for the Minden Progress should be addressed to Box No. 264, Minden.

LETTERS

August 16, 1963.

The Editor,
Minden Progress,
Minden, Ontario.

Dear Sir:

If I may, I'd like to take a small corner of your newspaper to enlighten your readers, on just what to expect and look for during the skydiving display to be held at the Kinmount Fall Fair.

Having done a considerable amount of exhibition skydiving, I have noted that one of the biggest problems from a spectator viewpoint is not knowing what to expect and look for.

First, a brief explanation of skydiving as it differs from sport parachute jumping. In true skydiving, the jumper has command of the aircraft, guides the pilot to a precisely calculated exit point, a spot selected with regard to wind speed and direction. At a pre-determined signal, the engine is cut, and the skydiver slips away in a graceful swan dive, falling in this position to a height of 2,200 feet at which time the ripcord is pulled and the chute is guided into a landing as close to the target as possible.

Now in the jump that I'll be doing in Kinmount, we plan to jump from 5,400 feet trailing smoke from flares attached to my boots. Free fall maneuvers, (e.g. loops, turns & gliding) will be performed to the opening height, approximately 30 sec and a landing will be attempted as close to the crowd as possible. One final note, just prior to the jump, a paper streamer 6 inches wide and 16 feet long will be released to help calculate wind drift. People have been known to watch the descent of this streamer, thinking it to be a skydiver and have gone home after it landed, very unimpressed.

I look forward with interest to this jump, and hope to meet as many people as possible following the jump.

Respectfully yours,

Bob Carter.

CKLY Radio, Lindsay.

"GO-LUCKY"

by TONY C. JOCK

• • • • •

A laugh, a smile
a tear it's true;
A line, a rhyme,
a word or two
I'll share with you...
A morning olay,
a twilight song...
A cheery smile
as you go along.
Whistle merrily
and be gay,
Sing a lilting roundelay;
Hey nonny-no ... hey-nonny
nay'...
Gloom and aches will go
and happy thoughts will stay
If you hum and sing the live-
long day...

If you are tempted to reveal
A tale to you someone has told
About another, make it pass,
Before you speak, three gates
of gold:
These narrow gates. First, "Is
it true?"
Then, "Is it needful?" In your
mind
Give truthful answer. And the
next
Is last and narrowest, "Is it
kind?"

SPORTS

WITH BOB BEENEY

I have just finished talking to Garnet Lytle, president of the Minden Curling Club and he assures me that everything will be in tip top shape for the coming curling season. By the time that this edition of the Progress hits the streets all of the tile will have been laid, the plastic pipe will have been placed into position and the cement floor will have been poured. On different occasions that I have visited the rink Ern Hewitt and Harry Garner have been hard at work. Along with Garnet all of the members who have toiled physically and mentally deserve a lot of credit on the advancement the club has made in the last couple of years. Both the men's and ladies' clubs would welcome additional members and an invitation is extended to the beginner as well as the experienced curler.

★ ★ ★

The Royal Canadian Air Force with the assistance of the Department of National Health and Welfare, have prepared a series of booklets on hockey and the booklets have been made available to the public. The three booklets are entitled: Beginning Hockey - 15c, How To Play Better Hockey - 25c, and Coach's Manual - 75c. All orders should be sent to: Superintendent of Publications, The Queen's Printer, Ottawa. A prepayment of charges is required with each order. These booklets are well laid out and any hockey enthusiast whether a starter or a good player will get a lot of valuable information from them.

★ ★ ★

Talking to Fred Cooper last week concerning the future of the Minden Monarchs he informed me that any person willing to take an active part in the organization and operational function of this coming winter's edition of the team would be received with open arms by the executive. Fred remarked that a combination of Minden and Haliburton hockey players could ice strong contending teams in both the junior and senior league. There is no doubt that a move along this line would cut down the financial burden that a small town has placed upon themselves when they are competing with teams from larger centres. A meeting between the Haliburton and Minden execs. could prove fruitful.

★ ★ ★

A lap record of 23 seconds set by two people, B. Collins of Toronto and Keith Johnson of Minden, stands from last year with a number of go-karters coming close but not being able to tie or break the track record of Doward Johnson's Go-Kart track. Doward mentions that there are six and a half laps to the mile.

★ ★ ★

And from Newsweek Magazine: From a survey taken in the United States it reports that over 9,000 people were hit by golf balls last year.

FISHING HIGHLIGHTS

Merv Edwards of Michigan landed a five pound 14 oz. bass while fishing on South Lake. Warren Skeoch of South Lake Trailer camp reports that it is the largest fish caught at the camp this year.

Some of the picgerel that were stocked in Kashagawigamog Lake have been caught as far south as Kinmount and it appears that the fish have been travelling to the waters of their origin. Rock Bass are becoming more prevalent in Gull Lake with fishermen reporting to catch them at regular intervals. It has been only the last few years that this specie of fish has been noticed in the lake.

HIGH IN THE SKY!

Lou's Radio and TV Service in Minden have just successfully installed the highest television receiving tower of its type in Minden. A three part tower, 50 ft. high without guy wires, it has been erected on the property of Mr. Crestwell of Minden.

FALL FAIR DATES—1963

COMMENTS

As far as we know, with the possible exception of Quebec, cycling and cycle racing has never been a really popular sport in Canada as it is say in England, France and Italy. Many years ago now we enjoyed the various aspects of cycling — from touring with a touring club to youth hostel-ing and from road time trials to massed start racing. We had forgotten most of the delights of the sport with its attendant "trade talk" until recently when we happened to get into conversation with Andy MacKenzie the carpenter and cabinet maker on the Lutterworth Road just south of Minden. Both Andy and his wife were cycling enthusiasts in the old country and we spent an hour happily reminiscing and relating the names of the hand-made "bikes" we struggled to buy... Claud Butler, Paris, Holdsworth, Dawes, and champions such as Reg Harris and such places as Herne Hill. It is curious how the memories of things half forgotten flood back when triggered by the odd word.

x x x

Memories of the old country, many half forgotten were brought back too recently when we spent a few minutes talking to Chief Hunter, the Chief of Lindsay Police. Chief Hunter told us of a trip he took to England and Ireland a year or so back and the impressions he received particularly with regard to the police forces in which he had a special interest. Cycling came into this conversation too when we mentioned British policemen patrolling country areas on "sit-up-and-beg type bicycles without losing an iota of their dignity. We can't imagine a constable travelling that way over here!

We were talking to Norm Craig the other day at Craigs Coffee Bar and we suggested that he stayed open all night so that on these hot days when sleep is impossible we could sip coffee, eat toasted danish pastries and pass the evening away with good conversation. Norm is a good conversationist — a dying breed in these days of television. He agreed that it would be nice but thought he would hardly be able to pay the hydro bill for all night with the six bits we'd spend on coffee! Craig's is the mecca of many of Minden's talkers as you will see if you drop in on a weekday evening. We enjoy a conversation with Norm Maiden's and also Frank Welch who has many an interesting tale to relate. If you want to talk about something unusual — perhaps about poltergeists and "things that go bump in the night" go talk to Ed. Harding at the Pioneer Shop. Ed was recently proposing a debating club in Minden and we feel an admirable place would be Ed's Clay Pipe Room if he would use it for this purpose maybe a couple of nights a week in the winter months.

x x x

The increase in the interest in coin collection in recent years is nothing short of phenomenal. Virtually over night the hobby grew to one of major stature competing with stamp collecting as the king of hobbies. A large variety of new publications have started both in Canada and the United States to inform and entertain the collectors. One of the Canadian ones of interest is the Canadian Coin and Stamp World, published in Toronto monthly which sells for a modest 15c a copy or \$1.50 a year. This publication features a monthly Trend of Premium Prices of Canadian Coins for those who wish to follow price changes which itself is worth the price of the publication. Minden Progress readers interested in the publication should write Frank Rose c/o The Arcade Stamp & Coin Shop, Yonge Street Arcade, Toronto for a sample copy. We feel that everyone should have a hobby whether it is coin collecting, stamp collecting, rock hunting, photography or painting. The late Franklin D. Roosevelt speaking on philately said "The best thing about stamp collecting is that the enthusiasm which it arouses in youth, increases as

the years pass. It dispels boredom, enlarges our vision, broadens our knowledge and in innumerable ways enriches our life." Many other hobbies particularly those that bring people together in association enriches the life of the village in innumerable ways.

x x x

Having worked ourselves for a number of years as a copywriter and among other types of writing having to write the airy fantasy's that are supposedly necessary for the selling of women's fashions we enjoy reading the fanciful copy dreamed up by (usually) affected female writers in such publications as Glamour. We read in a series of captions, for clothes "for a season of glorious moods", such copy as: "For high-riding happiness..." "For a purring cat mood..." "For a bold jaunty humor..." and then "For gentle, surprising seduction..." Really now, what a choice of words—will the readers who buy this hip-belted dress expect to be tempted to wrong-doing, or persuaded to do wrong, gently or otherwise? We'd be surprised too if they were!

MRS. MADEN VISITS TOKYO

Mrs. M. H. Maden of Brimley Road, Agincourt, the former Miss Betty Harvey, daughter of Mr. and Mrs. Bob Harvey Sr. of Minden is in Japan at the Girl Scouts Japan Asian Camp. One of Canada's Girl Guide representatives at the camp, she leads four Rangers from all across Canada as the Canadian contingent. The trip includes five days of sight-seeing in Tokyo, seven days at the camp in the mountains northwest of Tokyo, a four day visit to Kobe, Kyoto and Osaka and two days in Vancouver on the return trip. The group are living with Japanese Girl Scout families. Mrs. Maden has taken with her over 200 Canadian souvenirs and trinkets from Canada which will be swapped in accordance with tradition with other countries' representatives.

This trip comes after many years of tireless work for the Girl Guide Movement in Canada and her many friends wish her well on her exciting trip.

MINER'S BAY BOY VISITS FRENCH POSSESSIONS

Rusty Wunker of Miner's Bay Lodge left on August 2nd for Montreal where he boarded a ship for a cruise through the Gulf of St. Lawrence to St. Pierre and Miquelon — a group of islands that constitute the last possessions of the once great French Empire in North America.

The islands are only 14 miles from the south coast of Newfoundland but retain a truly French way of life, and language in spite of their proximity to English speaking Canada.

Rusty accompanied his uncle, Ralph Percy on the trip through the gulf. They have many interesting anecdotes to relate such as picking up passengers from a small boat in the turbulent sea several miles off the Magdalen Islands. The view of Perce Rock and Bird Sanctuary off the Gaspé Coast and sighting a sunken ship recently wrecked in the channel near Quebec City.

Rusty Wunker is a student at Haliburton High School and after the rush of the summer season is over at the Lodge possibly we can persuade him to relate a little of his trip to these romantic islands for our readers.

Minden Woman Wins

Agricultural Society Draw

A draw sponsored by the Minden Agricultural Society was won by Mrs. Lydia Coulter on Saturday August 17th. The prize was \$50.00 in cash and the proceeds went to the Society.

MINDEN TO ESTABLISH SPEED AREA

Minden council has requested the Department of Highways to erect signs in order to establish a speed area of 40 miles per hour from highway 35 extending easterly one half mile along highway 121.

Who is to bell the cat? It is easy to propose impossible remedies.

—Aesop

ART EXHIBITION A HUGE SUCCESS

Over five hundred local and summer residents of the Highlands of Haliburton attended the Art Exhibition held on Wednesday 7 August at the United Church Christian Education Building in Carnarvon.

Sponsored by the newly formed Highlands of Haliburton Art Group the response to the exhibition exceeded all expectations both in visitor attendance and in the Artist's participation.

One hundred and nine paintings were entered by thirty-six artists and in addition a variety of wood carvings, ceramics, hand-made rugs and handicraft were displayed. The aims of the new Art Group were stated as "to aid, in the development and improvement of the arts and crafts in the community of the Highlands of Haliburton and to conduct those types of activities that will further these aims." Membership in the art group is open to all persons resident in the Highlands of Haliburton (both permanent and summer residents) participating in the Arts and Crafts. Officers were elected as follows: Chairman Mr. C. D. Ferguson of Minden, Mrs. Ross Harrison, Treasurer, of Carnarvon; Mrs. L. Watson, Secretary, of Minden; Mr. S. Nyilas of Eagle Lake, Co-Secretary. Other Committee members are Mr. J. Gauthier, AM CA., MOA., Mrs. Pamela Wright, Mr. Wm. Watson Sr., Mrs. Florence Redman, Mrs. M. Ferguson, Handicraft Coordinator.

Driver Jumps As Truck Plunges Into Ravine

George Nichols a driver for Titus and Stamp jumped clear of the truck he was driving when it went out of control and plunged over a fifty foot embankment. He pulled to the side of the shoulder on the road to get by a torn up section of highway and when his truck started to slide he was unable to pull it back onto the road. Mr. Nichols jumped from the truck just before it rolled over twice and landed a few feet from the Beech River. Corporal Jack Eastwood of the Minden Detachment of the O.P.P. investigated the accident.

SUN-VALLEY LODGE RAZED BY FIRE

Sun-Valley Lodge north of Minden on highway 35 was completely razed by fire on Tuesday August 13th. Minden Volunteer Fire Department received the fire call at 10:30 p.m. and raced to the scene, however the wood constructed building was well aflame. It is believed that the fire started in the kitchen. The Lodge was owned by Mr. Clifford Jasper and has been managed by Mr. A. B. Sanders. The damage has been estimated at \$8,000.

TOP ENTERTAINMENT AT MINDEN FAIR

The annual Minden Fall Fair will be held on Saturday September 7th and Friday paration day when the exhibits will be brought into the building and placed for judging which will get under way at 9:15 p.m. Friday evening. Judges are supplied by the Department of Agriculture and are Government qualified. Each judge has as an assistant, a local person who is not an exhibitor. The assistant enters the numbers in the Judges book and applies the prize sticker to the entry tag.

The Prize List is now available from the Secretary and may be obtained from the Secretary Garnet Lytle on request. Membership to the Minden Agricultural Society is \$1.00 and this entitles a member to show anything listed in the prize list

Fair Grounds Enlarged

The Minden Fair Grounds have been enlarged by 100 ft. in width since last year and a new cement floor has been installed in the Exhibit Building as a consequence of the installation of artificial ice by the Curling Club. This will be a great asset for the Exhibit Building.

The Directors of the Minden Fair have been canvassing the district for donations and special prizes. Business people and individuals have been most co-operative and generous and are helping to build an even bigger and better fair. Assistance has been generous too from many businesses resident outside the county. A list of special prizes and events have been drawn up and many entries have been coming in.

Entertainment Is Tops!

Once again the Barrie Kempeldt Tumpet Band will be on hand to provide the fair patrons with a variety of entertainment. Consisting of some 60 members ranging in age from 5 years to adult, it provides one of the finest performances one could wish to see. This is the third year the band has been invited to the Fair. The band's routines include drills and manouevres as well as musical pieces

The famous Kansas Farmer and his entertainers will be at the Fair too. Canada's only singing violinist, he is a famed

radio artiste and vaudeville star. The Kansas Farmer offers clean jovial entertainment for the family, including music, monologue, songs and comedy.

For those who love thrills the Minden Fair provides the Al-Boak Sky Divers Club will display some fantastic jumps from the air. This is a different group than those that performed last year. Six men will jump from about 7,200 feet trailing smoke to make it easier for spectators to follow them.

Horseshoe Pitching

A horseshoe pitching contest will be held at 10 a.m. and it is expected that three pits will be used. Those interested are invited to register with the fair secretary as soon as possible.

Another highlight of the fair — the ever popular horse-drawing contest, for the ladies a nail driving contest and for girls and boys 10 years and under a prize for the best couple dressed as a "Bride and Groom". Even the family

dog has been remembered. A prize for the best dog owned by a boy or girl and something new too! Dress up your dog — prizes too for him all dressed up at the fair!

People must register with the Secretary before 4 p.m. on Fair Day for the following: the oldest couple on the grounds, the largest family there and the youngest set of twins.

Advance Tickets Available

This year advance tickets are being sold to relieve congestion at the gate. This ticket permits entrance to the grounds and includes a chance to win \$50.00 in a draw. Tickets sold at the gate on fair day provides admission to the grounds only.

A Dance will be held at night and this includes a "Twist Contest" with a prize to the couple doing the best Twist. Door prizes and other awards too so don't forget to make it a date on Saturday, September 7th at the Minden Fall Fair. Admission is 50c.

MINDEN - FALL FAIR

SEPT. 7th.

News and Views from the Minister's Study

The Anglican Congress meeting in Toronto, has created considerable interest among people of all denominations. To have a Congress of this great world-wide communion meeting so near would in itself be newsworthy, but these meetings have had a very special interest for non-Anglicans. According to the reports of the press and radio, two themes have had the place of primary importance on the agenda, first, the changing forms of the church, and secondly, the prospect of reunion with the churches. We are following the events of the Toronto Congress with a good deal of interest because we know that these are the same two major issues confronting all our churches and we are curious to see how this historic church deals with them. The Anglican Church deserves our admiration for the courage and frankness with which it tackled these difficult questions and our prayers that their efforts may not be in vain.

There has been more change take place in our knowledge and way of life during the last fifty years than in all the centuries of the Christian era. But the church has resisted change with the result that the Gospel of Jesus Christ is being offered to modern men in the theology and forms of a hundred and fifty years ago. Gradually, even those churches which have been most reluctant to change have come to realize that if the Christian Faith is to remain a vital religion for our age it will have to be reinterpreted in new and meaningful ways. New wine will have to be put into new wineskins. One thing is certain the task will not be an easy one and will not have a single, all-inclusive answer. But, we may be assured that it is not the first time that the Church has been confronted with the problem. Jesus Himself had to set the Gospel free from the outdated forms of Judaism.

The desire for reunion among the churches of Christendom, voiced again and again in the meetings in Toronto, has come to be held by all branches of the church. If not growing out of, it has certainly received a great stimulus from the Missionary Movement of the 19C. Seeking to compete for men's allegiance, the churches were forced to recognize the need for an undivided witness. The movement to reunite the Body of Christ,

which has come to include the Roman Orthodox and Protestant Churches, has often been characterized by events that defied human logic. A good example of this is the union of Methodist, Congregational and Presbyterian Churches to form the United Church of Canada for the talks that led to this union began as a result of an invitation by the Anglican Church to the other three to discuss possible basis of uniting. We may regard the widespread desire to heal the divisions of the Church as one of its healthiest signs of our time.

The Sacrament of Baptism will be observed on Sunday, September 8th in the three Churches of the Minden-Carnarvon Pastoral Charge of the United Church. Parents who wish to have children baptized on the Sunday are asked to contact me no later than September 1st.

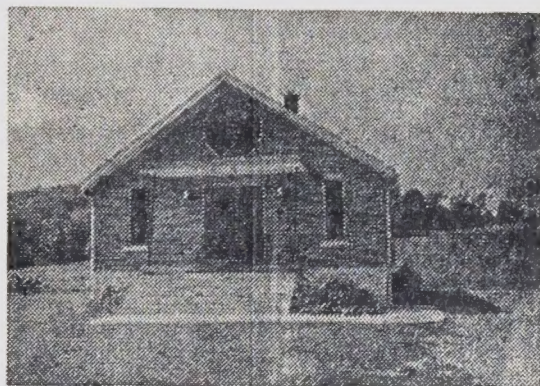

Inscribed upon the wall of the ancient Rubeck Cathedral in Germany are these lines:

Ye call me Master, and obey me not.
Ye call me Light, and see me not.
Ye call me Way, and walk me not.
Ye call me Life, and desire me not.
Ye call me Wise, and follow me not.
Ye call me Fair, and love me not.
Ye call me Rich, and ask me not.
Ye call me Eternal, and seek me not.
Ye call me Gracious, and trust me not.
Ye call me Noble, and serve me not.
Ye call me Mighty, and honor me not.
Ye call me Just, and fear me not.
If I condemn you, shame me not.
If I condemn you, blame me not.

Minister:

WARP and WOOF

ARE YOU on your vacation but enjoying it less? Maybe it's the weather! So you had two weeks reserved at beautiful lodge "Katydid", on shining Turtle Lake in the exquisite Highlands of Haliflutin. The brochure promised swimming, fishing, hiking, tennis and other summer games. And there you were for two weeks.. the first week it rained and rained.. and it turned cold. You wore three sweaters, wool socks and wished you had packed your woolies. Turtle Lake heaved and tossed like the North Atlantic, even the most experienced fishermen wouldn't put out. It was too cold for hiking, and the other summer games? Well, there were three or four females in the crowd. Two old maid school teachers, two others old enough to be your mother and one pretty girl engaged to be married next month..and on the last weekend of your vacation the sun came out? But you had been home two days by then, and vacation was over for another year..enough to drive one back to smoking and it's direst results you say... Our vacation?

Oh, we had it last month.. remember those two weeks of absolutely perfect weather?

FOR THE GARDEN CLUB

Mary, Mary and also you Harry How does our garden grow? A very small patch With no hoeing, natch And 13 tomatoe plants all in a row.

THAT MAN comes in all smiles with one ripe tomato.. the tomato patch is about the size of a coffee table, but the tomatoes are doing well.. 103 tomatoes still to ripen... we counted 'em. Visions of chili sauce dance in our head.

After listening to all the ballyhoo on soaps etc., an old friend composed the following.

If washday interrupts your stride,

Then lady, you need Fearless Ride

To make your dreams come true,

You'll see grey shirts and shorts turn white;

Beset by suds, too scared to fight,

And feeling mighty blue,

For Ride, you see, foams right ahead,

Long after other suds are dead,

Befrazzled — whipped — all through.

The very day that I was born,

Red, wrinkled, howlingly forlorn,

They washed me off and thought

That I was cute, and clean enough,

But that was pure and simple guff;

Since then I've learned a lot: Unless/until you've bathed

with Vest,

You may be just a smelly pest,

And really not so hot!

Tomorrow, take a snoopy peep

Inside your kitchen sink, and weep;

But wait — before you spill,

Get Gomet — let it do the trick

That always makes you feel so sick.

You never saw such skill!

Right then you'll make a vow to cease

Expending time and elbow grease;

Yes mam, you surely will.

★ ★

Look, how about that dingy wall,

The doors, the woodwork in the hall,

The floor and ceilings, too?

They're all a sight, so help me Joe!

That's why I want you folks to know

What Slick and Scan can do:

Just watch it put the pressure on,

Then, Bingo! With the grime all gone,

The whole shebang looks new. —the late W. T. Clarke.

CARD OF THANKS

We would like to thank all our friends and neighbours who helped us in our time of sorrow, and to all who sent floral tributes our sincere thanks.

Dorothy and Nerina Aishford and Mr. Peck.

FARM CASH INCOME UP IN FIRST QUARTER

Farmers' cash income from farming operations during January-March amounted to \$657.4 million, according to the Dominion Bureau of Statistics. This is 10% higher than the first three months of 1962 and very nearly reaches the record of \$661.3 million established in the first quarter of 1961.

BETWEEN THE HAY STACKS . . .

Canada Packers' Annual Report for its fiscal year ended March 27th, 1963, was released today. Net profits of the Company were \$5,763,000 on sales of \$589,014,000. These figures represent an increase of 13.6% net profit and an increase of 5.5% in sales over the previous fiscal year.

GRANDPA SAYS

Drink more milk! Eat more meat for a healthy country and a strong agriculture.

Youngsters raised on the farm have a unique advantage over their urban counterparts when it comes to a career.

Most farm boys and girls have years of on-the-job training in agriculture by the time they finish school—something few youngsters interested in other types of careers can claim.

Some drivers who are irritated by other cars following dangerously close behind give an unofficial "Keep Back!" signal, reports the Ontario Safety League. Without slackening speed they tap the brake pedal lightly with the left foot. This produces a series of flashes from the brake light to warn the tailgater that his nearness is unwelcome.

— Ont. Safety League

Drugs and Management

There are seventy-two drugs and drug combinations permitted for use in feedstuffs in the United States, of which some thirty are also available in Canada. These may be used as growth promotants, or as drugs to prevent or combat specific diseases. Few of these were known twenty years ago.

RECORD WORLD MEAT PRODUCTION 1962

Meat production in the 44 leading countries reached a record high in 1962 reflecting an overall increase in world livestock numbers and resulting in increased per capita consumption of meat products. Total output amounted to 108.8 billion lbs. in 1962, compared to 104.4 billion lbs. in 1961.

NEWS IN BRIEF

The first Fenelon Falls fair in nearly 40 years was an outstanding success despite inclement weather. Well over 2,000 people attended the fair which began with a parade. Fenelon Falls Horticultural Society held their first annual Flower Show the same day in the town centre.

A two-car-collision on the one-lane Coboconk bridge sent five people to Lindsay hospital for treatment last Saturday evening. A car driven by Mrs. Raymond Sehn of Waterloo collided with a vehicle driven by John White of Willowdale.

Eastwood Construction Co. of Peterborough have started construction of the new legion hall in Haliburton. Located on the original site the new building will consist of two floors with an auditorium, lounge, kitchen and club rooms.

The body of missing fisherman Frank Turner, 59 of Toronto was recovered Monday afternoon at Balsam Lake by two visiting fishermen who caught their line on the drowned man's line and pulled him to the surface. Mr. Turner had gone fishing about 12.30 on Wednesday 14 August and failed to return. OPP Constable J. DesLaurier of Coboconk reports that they had decided to call off the dragging operations the morning of the same day.

Boys' 9 years and under Kevin Phippard; 11 years and under: Cary Mitchell; 13 years and under Dick Watson. The double canoe race was won by Phil Kennelly and Danny Kennelly and the Single Canoe race by Ron Newell.

First in the relay swim were: Penny Meeking, Hugh Campbell, Donnie Mitchell and Robin Meeking. The championship swim (open) was won by John Eccelstone and Catherine Campbell.

Kinmount Man Unhurt

When Truck Rolls Over

Edward Lukas of Kinmount escaped injury when his truck rolled over on Highway 35 just south of Cameron at 11 am on Saturday morning August 17th.

Lukas was alone at the time of the accident. The accident was investigated by Constable Welton of the Lindsay detachment of the OPP. Damage was estimated at approximately \$400.

Draw your salary before spending it.

Dawn Capon displays 73 year old Kinmount Fair poster that's almost as tall as she is!

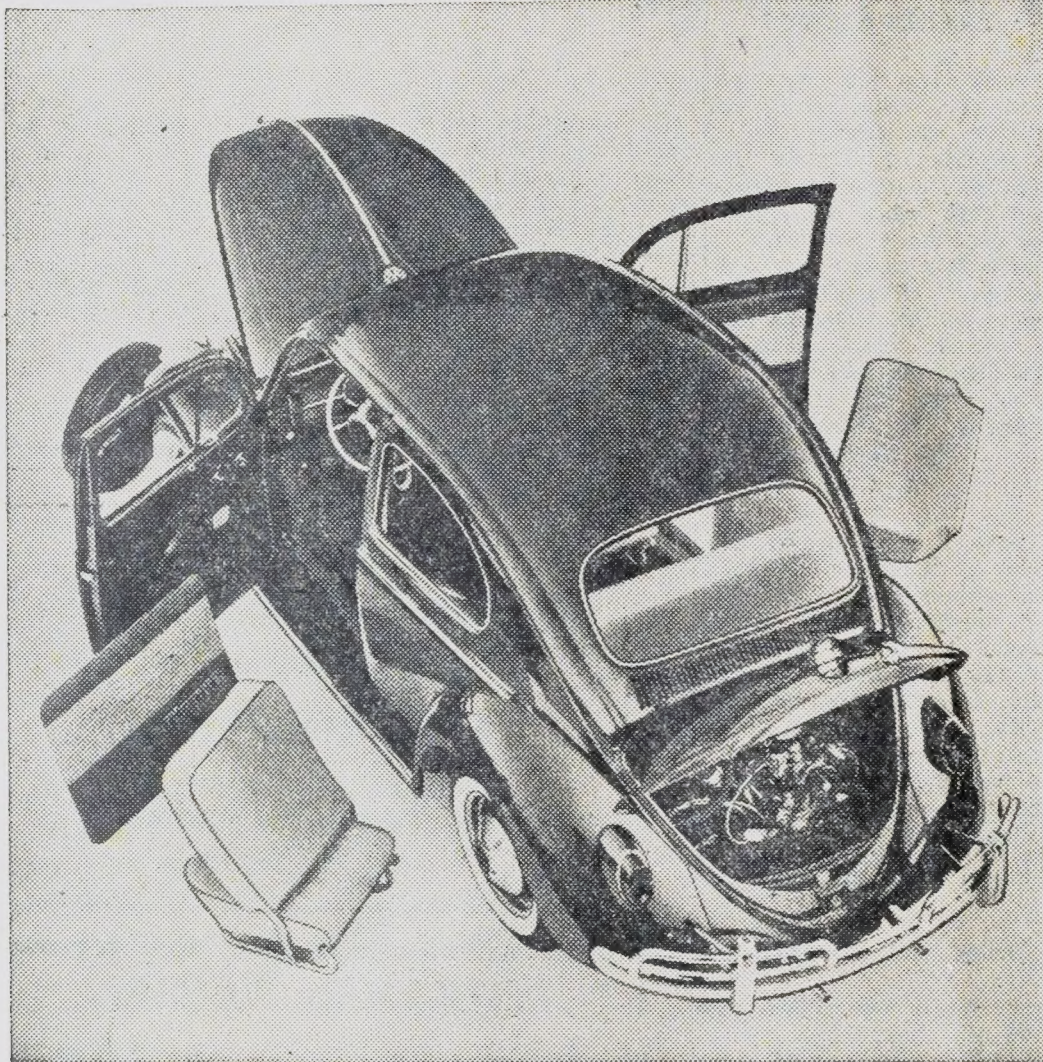

POSTER IS 75

YEARS OLD

Displayed on the window of Bill Scotts store in Kinmount is a poster advertising the Kinmount Fair that is 73 years old! The long, lean poster (12½ inches wide by 3½ feet long!) announces "Exhibition! Fall Show of the Galway Agricultural Society to be held in the village of Kinmount on Thursday 9th of October 1890." The prize list follows with 181 classes ranging from Stallions to Catsup in jars. The classes include Horses, Cattle with pedigree (which include "yoke working oxen", Sheep, Pigs, Grain and seed, Roots and other field crops, General Manufactures, fancy work, fruits etc., and the Fine Arts.

The rules and regulations follow and it is interesting to note that the membership fee to the Society was two dollars, a not inconsiderable sum in those days. Admission to the fair was 10 cents. The poster is signed at the bottom J. Wilson, President and G. W. Rowlinson Secretary - Treasurer, Galway, September 22, 1890.

The printer's imprint may awake a few memories in Minden. It reads J. H. Delamere, Printer, "Echo" office Minden.

This car is loaded

It's the Deluxe Volkswagen.

And it's got everything a luxurious car should have, except a high price tag.

There are ash-trays front and back; self parking windshield wipers; windshield washers; automatic courtesy lights; passenger armrest; and door pockets.

It has six heater vents; fully adjustable bucket seats; pleated upholstery;

and a Vinyl headlining on the ceiling.

And enough chrome trim to make it look elegant.

Come in for a test drive. (We'll appraise your trade-in while you drive ours). We'll show you how to sit in the lap of luxury without flattening your pocketbook.
